

Hello!

What a gorgeous week we've had. The sun has been shining and it has been lovely seeing all the fun you've been having in your gardens, as well as all the home learning you have been doing. Keep the emails coming! I really look forward to seeing what you have been doing. Just to remind you the email address is reception@overfieldsprimary.org.uk.

Do you remember planting the bulbs in our newly painted planters with Mrs Brighton and Mrs Thomas? Well, when I've been at school, I've been taking some children down to our outdoor area to help me water them. Miss Curtis is at school today and has sent me a photograph.

Look how much they have grown!

Have you noticed there is something else in the background? Mr Johns has been busy building us a bug hotel! Isn't it fab! Mrs Thomas is also making us a sign for it. I can't wait till we can fill it with twigs, stones, leaves and bricks. I wonder which minibeasts will come and stay?

You could draw some pictures of the minibeasts you think will use our bug hotel and I will send them to Mr Johns.

When I've not been doing my home learning, I've been busy at home moving furniture around in my living room and kitchen. You know how much Mrs Wilson loves to change things around . . . well . . . I've also been moving things around at school too! What do you think? I can't wait for us all to be back together. The classroom was too quiet without you!

Remember to keep doing your home learning as well as spending lots of time playing and having fun with your family. Keep staying at home and washing your hands and hopefully I'll see you all very soon.

Take Care
Mrs Wilson
