

Nursery learning at home – Week 1

I hope you enjoy doing these tasks with your family. I'll be excited to see some of your learning in an email. Have fun!

Get creative

Can you draw around your hand and turn it into something else. Eg a fish or a duck. Have a look online for ideas.

Reading

Spend time sharing books or comics every day. Maybe listen to some of the stories on our website page.

Keep moving!

Can you: Jump 5 times, march 8 times, hop 4 times, run on the spot for the count of 10.

Now chose your own actions and numbers.

Colours

Green is a lovely spring colour. Can you name or find 5 things that are green?

A listening Moment

Stand on your doorstep with an adult. Spend 20 seconds listening. What can you hear?

Nursery rhymes

Sing your favourite nursery rhyme. Add some actions and perform it to your family.

On your walk...

Look for signs of spring. Can you draw what you see?
