

Hello my lovely Year 5 class,

I hope you are staying safe and healthy in these difficult times and that you had a lovely Easter break (and ate plenty of chocolate!) Hopefully you are finding things to keep you busy every day – I know it's often boring - but I have found spending some time in the garden really lifts my mood. I have been completing lots of jobs outside: painting, cutting the grass and even cleaning my car!

Have you been completing PE with Joe Wicks every day? It's good to keep active and keep our minds working so I will be setting some work for you to do every week. It's really important you try your best with this and wherever you can, send it back to me. I am excited to see how you're getting on. If there's anything extra you would like to send me, please feel free. I would love to see some imaginative pictures and writing from you too.

School is important, but so is your health. Please take care of yourself and each other (from a safe distance of course). I hope you are still having fun and being silly despite the craziness! Even though I'm not teaching you every day, I hope you are learning new things all the time. I hope you take time to help your families with jobs around the house, help your siblings with their learning and play lots of games together.

Things are strange and unusual at the moment, however - no matter what happens – you must try to stay positive, be proud of yourself, your resilience and your ability to adapt to extreme circumstances. Please know I am extremely proud of every single one of you.

I am missing each and every one of you very much and you are in my thoughts every day. You bring me more joy and happiness than any of you can imagine, and I hope we are together again soon.

Stay safe and speak soon,

Lots of love,

Miss Bass
