

Hello everybody,

I hope you're all keeping well and safe and are still being good. It has been great to see all your home learning through email, you've been so busy! If you celebrated VE day please can you send in some photographs for a display in the library?

Mrs Brighton wanted me to tell you she's been busy going on walks to the beach and had fun looking at all the rainbows in people's windows. Here's one she made! She hopes you've all been busy being creative and making lots of lovely things with your families. She's missing you lots.

I've been busy doing lots of school work, following the Joe Wick's exercises each day and still going out for walks too. Here's a window rainbow that caught my eye...

Looking forward to being back at school when it's safe, as I'm missing you too.

Stay safe, from Miss Curtis and Mrs Brighton
