

Hello Reception!

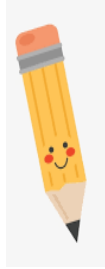

Here is your home learning for this week. Don't forget to email me all your wonderful work!
reception@overfieldsprimary.org.uk

Handwriting

You have now practised all of the family groups. Please spend this week going back over any you have found tricky.

I would also like you to practise writing your full name.

Don't forget to form all of your letters correctly.

One of my favourite stories is 'Whatever Next' by Jill Murphy.

If you don't have the story at home here is a link to an online one

<https://www.youtube.com/watch?v=6c5cb0u0rPM>

Would you like to go to the moon? Do you have a cardboard box (or something similar that you can climb in), a colander and a pair of wellington boots that you can use? Don't forget to pack your picnic food and your favourite teddy! I would love to see a photo of you in your rocket!

I wonder who you might meet when you land on the moon? You could draw a picture or make a model of your new friend. You could even tell me something about them e.g. what are they called, what do they like to eat etc?

Arts and Craft

If you have some toilet/kitchen roll tubes you could even make a real rocket!

Mrs Desantis is busy working on achieving the green flag award as part of Eco Schools and she needs our help. I would like you to:

Look through your kitchen cupboard, fridge or freezer to see where your food comes from. Can you make a tally chart to show the different countries?

Find a plant either in your house or garden. Can you name your plant and find out what it needs to grow?

Writing Challenge

Don't forget to send me your writing about where you would like to go when it is safe to start going out again.

I'm looking forward to going back to my caravan in Scotland. I miss seeing all the red squirrels eating the peanuts we leave out and the deer we often see when walking Sky in the woods.

Please email me your work by Friday 22nd May. I can't wait to read about what you would like to do!

Maths

Practise counting from 0-20 and back from 20-0.

It's good to keep moving! Ask your grown up to ask you to do different things outside. Here are some ideas:

- 5 star jumps
- Hop 10 times
- 1 Jump

You could even measure how far you can jump. I wonder who will be able to jump the furthest!

Phonics

oo This grapheme likes to trick us because it makes 2 sounds. Can you hear the difference in these words - moon and foot. Did you spot that it makes a 'u' in the word 'foot'. Can you sort these 'oo' pictures depending on whether they make the same sound as 'moon' or 'foot'? Remember to draw and label your pictures

Keep listening to the Jolly Phonic songs here
