

Key Stage 2 Language Unit Weekly Home
Learning 01.06.20-05.06.20

Here are the activities for this week.
Please continue to send your work and
photos to:

ks2slu@overfieldsprimary.org.uk

Just like the little acorn
that grows to be a tree,
I'm growing everyday and
learning what I'll be.

Sentence Structure— Listen to the noise the trees make in the wind. Imagine the trees are talking to each other? What would the trees be saying? Draw a picture of a tree. Add all the nice messages the tree may say to the other plants and animals to make them feel happy. Try to use speech marks to show what the tree is saying.

Spelling— I would like you to work through your purple spelling book and revise all of the spelling so far. Remember to also recap your days of the week, months of the year and numbers to 20 in words.

P.E— Visit [YouTube Guided Meditation For Children Your Secret Treehouse](#). This is a wonderful relaxation and meditation exercise.

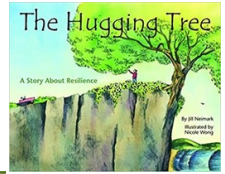

Art/Craft—Make a tree! There are so many fantastic tree craft ideas to try.

Easy Fall Tree Paper-Bag Crafts

Reading— There are lots of great nonfiction and fiction books about trees. Visit [YouTube](#) to hear and read these stories and many more. Research facts about trees. Why it is important to plant trees and not cut them down?

Writing— Pick a any tree that you can see. Give the tree a name. Write a diary entry from the trees perspective. Include the animals it would see, how it feels in bad or good weather. Does your tree have any friends it is waving to in the wind?

Maths—Keep learning your multiplication tables. This week I would like to practise coordinates. You need to make a grid like this one. I would like you to draw trees in A6, A3, B7, G9, M9 and C8. What else can you draw on your map? Write the coordinates for the things on your map. Set me questions to answer at home using your map.
