

Hello Reception!

Here is your home learning for this week. Don't forget to email me all your wonderful work!

Handwriting

Please continue to practise the family letter groups (especially the ones that you have found tricky).

Here are some more numbers for you to practise. I have included a rhyme to help you.

four

Number 4 is a sail and a boat,
On the water, it stays afloat.

five

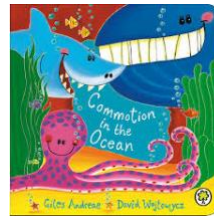

Draw down and round with a belly
so fat
Don't forget to put on his hat

six

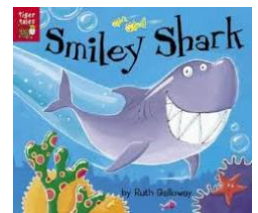

Number 6 is like a snail,
Stand it up upon its tail.

Name Writing - Don't forget to keep writing your full name. Can you write it without looking at anything?

Monday 8th June is World Oceans Day. It is celebrated all around the world. Here are some of my favourite stories about some of the amazing animals that live in the ocean.

Unfortunately, lots of animals are dying because of all the plastic rubbish that ends up in the ocean. How can we help? We must put our rubbish in the bin or recycle it where we can.

Do you have a favourite sea animal? I would like you to create it using recycled plastic. Here are some ideas.

What a change in weather this week! I wonder what the weather will be like for the next couple of weeks.

I would like you to keep a weekly weather diary. I hope we see the sun back soon.

We have certainly had lots of rain and there is more rain on its way!

I wonder if you could find a way to measure how much rain we get each day.

I wonder how our weather compares to another country. Why not choose a country and see what the weather is like there. It could be somewhere where you have been on holiday.
