Hi, Year 2!

I hope that you're all well and ready for another week of learning! Check your emails for more matchstick puzzles like this one.

1. Can you move 2 matchsticks to create 4 triangles of equal size?

You could also use strips of paper or pencils to do them!

Good Luck!

This week we are reading the temperature on thermometers and measuring capacity with litres and millilitres: <https://classroom.thenational.academy/lessons/to-be-able-to-read-the-temperature-on-a-thermometer> then <https://classroom.thenational.academy/lessons/to-estimate-and-measure-in-litres> , <https://classroom.thenational.academy/lessons/to-solve-word-problems-that-involve-litres> and <https://classroom.thenational.academy/lessons/to-compare-and-order-millilitres-and-litres>

Joe Wicks' daily PE lessons are available to watch here <https://www.youtube.com/user/thebodycoach1/videos>

Take your pick!

This week we are going to practise writing sentences in a counting poem.

Click here and follow the steps:

<https://www.bbc.co.uk/bitesize/articles/zdbtjsg>

Don't try to do this all at once - do a little bit each day!

I'm looking forward to reading them!

What do you know about dinosaurs? Look here: <https://www.bbc.co.uk/bitesize/articles/z8cm8hv>

Then, write some sentences or make a poster to show me what you find out! Maybe you could visit Teesaurus Park near the River Tees this Summer

and meet some giant creatures like this. They are made out of steel and they are amazing!

This week we look at more of those tricky to spell words.

Try this: <https://spellingframe.co.uk/spelling-rule/139/35-Common-exception-words>

Can you write some of them in a sentence?

Using a piece of cardboard, draw and cut out a face with ears but no hair. Now, ask an adult to take you on a hairstyle hunt. See how many funny hairstyles you can give it! 😊
