

## **Nursery Newsletter-Autumn 2023**

Hello and welcome back! The children have settled beautifully.

Our theme in Nursery this term will be houses and homes and Autumn. We will be thinking about different types of houses, building houses, gluing houses, looking at different rooms in our homes and homes around the world. There will be lots of roleplay around 3 little pigs and Owl babies. Please can you bring in a family photograph of all the people who live in your house.

When you're out and walking, please look for any signs of Autumn you could collect and share with us.

Please make sure your child has all clothes labelled and keep checking our Seesaw app and Twitter page for latest information and to share learning with you.

Thank you for your continued support, Miss Curtis.
