

Key Stage 2 Language Unit Weekly Home Learning 04.05.20-08.05.20

Here are the activities for this week. Please send some of your work and photos of what you have been doing to: [ks2slu@overfieldsprimary.org.uk](mailto:ks2slu@overfieldsprimary.org.uk)

VE Day celebrations are due to take place on Friday 8th May visit:

<https://www.goodtoknow.co.uk/family/ve-day-celebrations-in-lockdown-540015>

For some great family VE Day celebration ideas.

**Phonics**—Collect words that include these graphemes. ee, ea e-e, ey, e, y, ie. Can you make sentences using the words you find?

Visit <https://www.phonicsplay.co.uk/eeAltSpellings.html>

Investigating Alternative Spelling /ee/ for some great activities.

**Spelling**—Choose five more new spellings to learn this week from your pack using ‘look, cover, write and check’. Put these words into simple sentences asking questions. Remember to put a question mark at the end.

????????????????

**P.E**—There are some great dances to join in with on YouTube—Just Dance. My favourite is Just Dance Ghostbusters!

**Art/Craft**—At the moment we can't go to visit our family and friends so why not send them a virtual hug. Draw around your hands and cut them out, decorate the back of both hands. On the inside palm of one hand write ‘Sending you this little gift, To show how much I care, Here's a little hug for you, For while I can't be there.’ On the other inside palm draw a love heart and write ‘ Consider this a virtual hug.’ Join the two hand together at the wrist with a length of string/wool so that the person you are sending it to can wrap the hands around them like a hug.

**Reading**—Reading challenge—I would like you to find stories that have the following in:

**Red, Animal, Insect, Numbers, Boat, Octopus, Witch**

There is a wonderful online book to share together called Hope

<https://literacytrust.org.uk/family-zone/9-12/book-hope/>

**Writing**—Last week you wrote a letter to me, this week I would like you to write a letter to a family member you haven't seen for a while or friend. Tell them all about the things you have been doing and ask them questions so that hopefully they will write back. You can send the letter as an email, I am sure someone you love would really like to receive a letter from you.

**Maths**—Keep learning your multiplication tables. You need to be able to recognise the value of all coins and add and take away using money. To help you do this I would like you to set up a shop. Choose 10 items for your shop and price them from 1p—10p. Now pretend to be the customer and buy 2/3 items from your shop, add the amounts together to find the total you have to pay to the shop keeper. Record this as a number sentence e.g. 4p+ 5p=9p Challenge—be the shop keeper and work out the change from 20p you can also make the prices higher. You can have so much fun with this, make a sign of your shop, wear a uniform. You could even sell things that you have made/baked just use your imagination.
